

Digital Printing Artwork Specs

We only accept artwork files created in Adobe Illustrator or Adobe Photoshop.

All artwork will be converted to a larger format. Original JPEG images or JPEGs converted to one of the above file formats are NOT acceptable artwork.

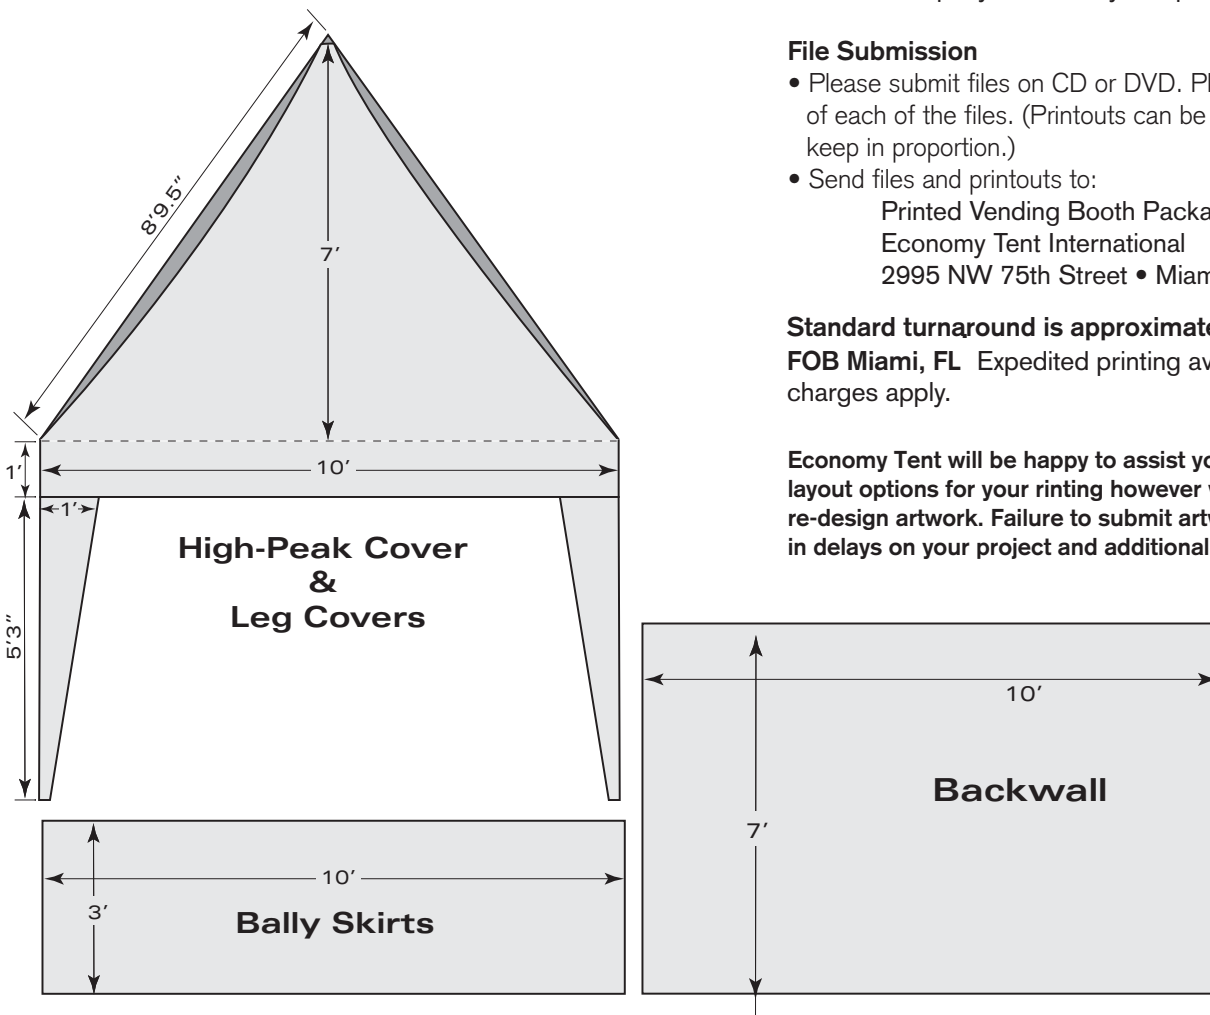

For PRINTED VENDING BOOTH only:

Submit only one file for the BALLY SKIRT. The same artwork will be printed on all three bally skirt pieces.

Submit only one file for the HIGH-PEAK COVER. The same artwork will be printed on all four sides of the tent cover.

Submit one file for each RIGHT and LEFT LEG COVER. The same right and left artwork will be printed on all leg covers.

PRINTED VENDING BOOTH Dimensions:

Adobe Illustrator

- Files should be created at 50% of final dimensions. (See diagram below for PRINTED VENDING BOOTH dimensions. Contact ETI for standard Cover and Sidewall dimensions.)
- All text must be converted to curves or outlines.
- All placed graphics must be embedded in the files.
- Save files as EPS or AI.
- Please name files according to the following style and include the tent part in the name:
 CompanyName_ballyskirt.eps
 CompanyName_ballyskirt.ai

Adobe Photoshop

- Files should be 300dpi at 50% of final dimensions. (See diagram below for PRINTED VENDING BOOTH dimensions. Contact ETI for standard Cover and Sidewall dimensions.)
- Save files as EPS with JPEG (max. quality) encoding or as a PDF (Press Quality) with JPEG compression (max. quality).
- Please name files according to the following style and include the tent part in the name:
 CompanyName_ballyskirt.eps
 CompanyName_ballyskirt.pdf

File Submission

- Please submit files on CD or DVD. Please include a printout of each of the files. (Printouts can be on 8.5"x11' paper but keep in proportion.)
- Send files and printouts to:
 Printed Vending Booth Package
 Economy Tent International
